

CEPLAS

Cluster of Excellence on Plant Sciences

Planning your next career step? Want to work with CEPLAS?

**If you plan to apply for a fellowship
for independent group leaders,
please join our**

**CEPLAS CONFERENCE
October 14-16, 2019
Düsseldorf, Germany**

**Let's discuss your options and
benefits in case you decide to
undertake your fellowship at
CEPLAS!**

- To expand our research consortium, we invite applications from outstanding scientists (at the junior and senior level), who either already have a fellowship or are planning to apply for one, to join our conference!
- At the conference, you will have the opportunity to present your current and proposed work and to discuss your plans and proposals with CEPLAS scientists.
- After the conference, CEPLAS will select excellent candidates to support them in writing their proposals or moving already existing fellowships to CEPLAS.
- CEPLAS provides substantial additional resources to successful candidates.
- The participating institutions offer a comprehensive career program for junior faculty and opportunities to transfer on a tenure-track exist.
- We especially invite female scientists to join our conference and become part of our team!

How to join?

Please send the following documents, compiled in ONE pdf file (< 5 MB) to office@ceplas.eu:

- Motivation letter
- A summary of your research plan (max. 3 pages)
- CV including 3 references

Deadline for application is August 12, 2019!

Requirements

- Experiences at the postdoctoral level
- An excellent publication record
- An innovative, convincing research plan
